

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
07.30-08.30	Registration						
08.30-09.00		IASGO presidential lecture Chairperson: <i>Supakorn Rojananin, Thailand</i> Our 30 years' experience of living donor liver transplantation <i>Masatoshi Makuuchi, Japan</i>					
09.00-09.30	Coffee break & Poster presentation (23rd Fl., Ballroom C)						IASGO Executive committee meeting (09.00-10.00)
09.30-10.30	State-of-the-art Lecture I Chairperson: <i>Chairat Bunchaliew, Thailand, Krit Kitisin, Thailand</i> Topics and Speakers: 1. Surgical treatment for intrahepatic cholangiocarcinoma <i>Yamamoto Masakazu, Japan</i> 2. Laparoscopic liver surgery: Implications for the future of hepatobiliary oncology <i>Nuh Rahbari, Germany</i> 3. Surgeons role in cancer palliation <i>Vijay Khatri, USA</i>	Liver: HCC treatment Chairperson: <i>Rawisak Chanwat, Thailand, Wipusit Taesombat, Thailand</i> Topics and Speakers: 1. Role and limitation of neoadjuvant hepatic arterial infusion chemotherapy in advanced hepatocellular carcinoma patients with child pugh class a <i>Sung Su Yun, Korea</i> 2. Recent advanceds in systemic therapy in HCC <i>Ahmed Kaseb, USA</i> 3. How to avoid biliary complications in liver hydatidosis surgery <i>Isidoro Di Carlo, Italy</i>	Treatment of EGJ cancer: current evidence Chairperson: <i>Hisahiro Matsubara, Japan, Somkiat Sunpaweravong, Thailand</i> Topics and Speakers: 1. Optimal treatment for adeno-carcinoma of the esophagogastric junction: present discrepancy and future agreement <i>Hiroharu Yamashita, Japan</i> 2. Surgery of the esophagogastric junction cancer: experience from Thailand <i>Worapong Anuponganan, Thailand</i>	MIS for retroperitoneal tumor Chairperson: <i>Kamthorn Yolsuriyanwong, Thailand, Voraboot Taweerutchana, Thailand</i> Topics and Speakers: 1. Surgical strategy and tactics for retroperitoneal masses <i>Anusak Yiengpruksawan, USA</i> 2. MIS for adrenal tumours <i>Kirubakaran Malapan, Malaysia</i> 3. Minimally invasive surgery in pancreatectomy: early experience and development in UMMC <i>Peng Soon Koh, Malaysia</i>	Advanced laparoscopic surgery for rectal cancer Chairperson: <i>Gyorgy Lazar, Hungary, Art Hiranyakas, Thailand</i> Topics and Speakers: 1. Current status of laparoscopic TME <i>Vitoon Chinswangwatanakul, Thailand</i> 2. Lateral node dissection in rectal cancer: what are the issues? <i>Seon-Hahn Kim, Korea</i> 3. TaTME: The new horizon in rectal cancer <i>Masaaki Ito, Japan</i>	Pancreas Chairperson: <i>Alfredo Guglielmi, Italy, Rapheephat Tanompetsanga, Thailand</i> Topics and Speakers: 1. Pancreatic surgery in Jehovah's witnesses patients <i>Alfredo Guglielmi, Italy</i> 2. Solid-pseudopapillary neoplasm (SPN) of the pancreas: case series and literature review <i>Abdel Hadi Al Breizat, Jordan</i>	
10.30-12.00	State-of-the-art Lecture II Chairperson: <i>Rawisak Chanwat, Thailand, Akkaraphorn Deerasertvit, Thailand</i> Topics and Speakers: 1. Tumor microenvironment as a therapeutic target in gastrointestinal cancers <i>Renata Dobrila-Dintinjana, Croatia</i> 2. Systemic treatment options in unresectable pancreatic neuroendocrine tumors <i>Faysal Dane, Turkey</i> 3. Pancreas cancer chemoimmunotherapy: the roads less traveled <i>Si Young Song, Korea</i> 4. Hypothermic oxygenated machine perfusion of liver grafts: from basics to clinics <i>Irinel Popescu, Romania</i>	Liver: Metastases Chairperson: <i>Herwig Cerwenka, Austria, Chairat Bunchaliew, Thailand</i> Topics and Speakers: 1. Neuroendocrine liver metastases: can a long-term survival benefit be achieved? <i>Herwig Cerwenka, Austria</i> 2. Surgical resection combined with chemotherapy for advanced colorectal liver metastases <i>Kiyoshi Hasegawa, Japan</i> 3. Multidisciplinary treatment for colorectal liver metastases, special attention to ablation therapy <i>Toru Beppu, Japan</i> 4. Validation of R1 vascular resection in simultaneous colorectal cancer and liver resection <i>Ender Dulundu, Turkey</i> 5. Tailored approach in sphincter-saving surgery for rectal cancer <i>Viorel Scripcariu, Romania</i>	MIS in upper GI cancer Chairperson: <i>Hisahiro Matsubara, Japan, Somkiat Sunpaweravong, Thailand</i> Topics and Speakers: 1. Possibility and limitation of endoscopic treatment of early gastric signet ring cell carcinoma <i>Hyun Yong Jeong, Korea</i> 2. Esophageal endoscopic submucosal dissection <i>Prasit Mahawongkajit, Thailand</i>	MIS for difficult scenario Chairperson: <i>Sriping Chewatanakornkul, Thailand, Pornthep Prathanvanich, Thailand</i> Topics and Speakers: 1. Median arcuate ligament syndrome <i>Voraboot Taweerutchana, Thailand</i> 2. SMA syndrome <i>Suphakarn Techapongsatorn, Thailand</i> 3. MIS for pregnancy <i>Nicha Srisuworanan, Thailand</i>	Specific considerations of colorectal MIS Chairperson: <i>Seon-Hahn Kim, Korea, Sriping Sirikurnpiboon, Thailand</i> Topics and Speakers: 1. Long term results and quality of life of laparoscopic surgery for ulcerative colitis (UC) <i>Gyorgy Lazar, Hungary</i> 2. Colorectal Intracoproreal Anastomosis by Laparoscopy in Rectal Surgery <i>Joaquim Costa Pereira, Portugal</i> 3. Laparoscopic Colectomy for advanced colorectal cancer <i>Chuchep Sahakitrungruang, Thailand</i> 4. Advanced and controversies in management of colonic diverticulitis <i>Art Hiranyakas, Thailand</i> 5. Skill qualification system in laparoscopic colorectal surgery <i>Masaaki Ito, Japan</i>	Multidisciplinary management of esophageal squamous cell carcinoma Chairperson: <i>Charuwan Akewallop, Thailand, Jirawat Swangsri, Thailand</i> Topic and Speakers: Radiotherapy in multidisciplinary management of esophageal squamous cell carcinoma <i>Kullathorn Thepamongkhol, Thailand, Nuttapong Ngamphaiboon, Thailand</i>	

Thursday, 3 October 2019

Thursday, 3 October 2019

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
12.00-13.30		Lunch Symposium: Medtronic Co., Ltd. Chairperson: <i>Sa-ard Treepongkaruna, Thailand</i> Good Instruments bring great success in laparoscopic hepatectomy <i>Wipusit Taesombat, Thailand</i>					IASGO editorial boardmeeting
13.30-14.30		Keynote 1: What's new? Chairperson: <i>Vitoon Chinswangwatanakul, Thailand,</i> <i>Thawatchai Akaraviputh, Thailand</i> Topics and Speakers: 1. Liver surgery: past – present and future <i>Jacques Belghiti, France</i> 2. Laparoscopic liver resection in difficult location <i>Ho-Seong Han, Korea</i> 3. R1 vascular liver surgery: The die cast vessel sparing liver surgery: a revolution to be classified <i>Guido Torzilli, Italy</i>					
14.30-15.00	Coffee break & Poster presentation (23rd Fl., Ballroom C)						
15.00-16.00			Bile duct injury Chairperson: <i>Subodh Varshney, India,</i> <i>Akkaraphorn Deeprasertvit, Thailand</i> Topics and Speakers: 1. Critical points in biliary surgery. Why did this happen to me? <i>Ruso Martinez Luis, Uruguay</i> 2. Technical point in complex bile duct injury <i>Kittipong Chaiyabutr, Thailand</i> 3. Rescue surgery for complicated biliary injury after laparoscopic cholecystectomy <i>Taku Aoki, Japan</i>	Tips and techniques in laparoscopic surgery (VDO) Chairperson: <i>Suphakarn Techapongsatorn, Thailand,</i> <i>Nicha Srisuworanan, Thailand</i> Topics and Speakers: 1. Awareness of autonomic nerve during rectal cancer surgery <i>Pornthep Prathanvanich, Thailand</i> 2. Laparoscopic rectoplexy <i>Siriluck Prapasrivorakul, Thailand</i> 3. How to do perfect EUS <i>Thawee Ratanachu-ek, Thailand</i> 4. Tips and techniques for difficult laparoscopic cholecystectomy <i>Yukio Iwashita, Japan</i>	MIS esophagectomy Chairperson: <i>Hiroharu Yamashita, Japan,</i> <i>Chadin Tharavej, Thailand</i> Topics and Speakers: 1. Surgical treatment of the neoplastic obstruction of the esophagus <i>Valter Nilton Felix, Brazil</i> 2. Positioning of the surgery in the multimodal therapy for thoracic esophageal cancer <i>Hisahiro Matsubara, Japan</i>	MESDA Chairperson: <i>Vitoon Chinswangwatanakul, Thailand,</i> <i>Suthep Udomsawaengsup, Thailand</i> Topics and Speakers: 1. MESDA: Training without boundary (Overview) <i>Masaaki Ito, Japan</i> 2. The success story of MESDA (Result) <i>Sutdhachit Linananda, Thailand</i> 3. The future of soft cadaveric training <i>Suthep Udomsawaengsup, Thailand</i>	
16.30-20.00	Opening Ceremony and Gala Dinner (23rd Fl., Ballroom A&B)						

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
08.00-09.30		<p>Keynote 2: Upper/Lower GI Chairperson: Anusak Yiengpruksawan, USA, Nopdanai Chaisomboon, Thailand Topics and Speakers: 1. Update and multi-modality treatment for gastric cancer Ming-Tsan Lin, Taiwan 2. Anticancer drugs of tomorrow in GI Oncology Dan G Duda, USA 3. Anal sepsis patterns and treatment options Arun Rojanasakul, Thailand</p>					
09.30-10.00	Coffee break & Poster presentation (23rd Fl., Ballroom C)						
10.00-11.00	<p>Anal fistula treatment Chairperson: Jirawat Pattana-arun, Thailand, Varut Lohsiriwat, Thailand Topics and Speakers: 1. LIFT upgrade Arun Rojanasakul, Thailand 2. Endorectal advancement flap Charles Tsang, Singapore 3. VAAFT and its modification Worrawit Wanitsuwan, Thailand</p>	<p>Pancreatic cancer 1 Chairperson: Kenichi Hakamada, Japan, Kittipong Chaiyabutr, Thailand Topics and Speakers: 1. What is the optimal operation for resectable and borderline resectable pancreatic cancer? Yuichi Nagakawa, Japan 2. Update surgery for BR and LA pancreatic cancer - conversion surgery after neoadjuvant therapy Thilo Hackert, Germany 3. The rationale of conversion surgery for far-advanced pancreatic adenocarcinoma Kenichi Hakamada, Japan 4. Conversion surgery for unresectable pancreatic cancer - does it work or not? Hideyuki Yoshitomi, Japan</p>	<p>Update treatment in advanced gastric cancer Chairperson: Asada Methasate, Thailand, Topics and Speakers: 1. Laparoscopic surgery for advanced gastric cancer Wisit Kasetsermwiriya, Thailand 2. Role of HIPECs in advanced gastric cancer Asada Methasate, Thailand 3. Role of chemotherapy in advanced gastric cancer Charuwan Akewallop, Thailand</p>	<p>Tips and techniques in robotic surgery (VDO) Chairperson: Vitoon Chinswangwatanakul, Thailand, Siripong Chewatanakornkul, Thailand Topics and Speakers: 1. Robotic approach for gastric GIST in difficult locations Anusak Yiengpruksawan, USA 2. Robotic Roux-en-Y gastric bypass Voraboot Taweerutchana, Thailand 3. Robotic esophageal diverticulumectomy Jirawat Sawangsri, Thailand 4. Robotic surgery for large adrenal incidentaloma Vitoon Chinswangwatanakul, Thailand</p>	<p>HPB – Surgery Chairperson: Yongyut Sirivatanauksorn, Thailand Topics and Speakers: 1. Role of surgical resection for the patients with hepatocellular carcinoma in the era of liver transplantation Sung Su Yun, Korea 2. Anatomical liver resections using laennec concept: similarities and differences with glissonian approach in liver surgery Aleksandar Karamarkovic, Serbia 3. Extending curative for liver cancer in modern era Cheung Tan To, Hong Kong 4. Extensive liver surgery Zoran Milosevic, Serbia</p>	<p>ICS Chairperson: Thawee Ratanachu-ek, Thailand, Santi Lokejroenlarb, Thailand Topics and Speakers: 1. Screening of colorectal cancer in Thailand Taya Kitiyakara, Thailand 2. Nutrition support in cancer Vibul Trakulhoon, Thailand</p>	
11.00-12.00	<p>Modern management for hemorrhoid Chairperson: Nopdanai Chaisomboon, Thailand, Woramin Riansuwan, Thailand Topics and Speakers: 1. Nonoperative treatment for hemorrhoid: When, Why and How? Varut Lohsiriwat, Thailand 2. Laser treatment for hemorrhoid Jirawat Pattana-arun, Thailand 3. Hemorrhoid artery ligation Charles Tsang, Singapore</p>	<p>MIS in pancreatic surgery Chairperson: Kyoichi Takaori, Japan, Sa-ard Treepongkaruna, Thailand Topics and Speakers: 1. Laparoscopic pancreatotomy: how I stabilized my techniques Yoo-Soek Yoon, Korea 2. Difficulty scoring system in laparoscopic pancreatic resection Masafumi Nakamura, Japan 3. Minimally invasive pancreaticoduodenectomy after LEOPARD 2 - should we continue? Thilo Hackert, Germany</p>	<p>Robotic application for UGI procedure Chairperson: Eli Kakiashvilli, Israel, Asada Methasate, Thailand Topics and Speakers: 1. Robotic gastrectomy: “current status and future direction” Eli Kakiashvilli, Israel 2. Robotic Surgery for Esophago-gastric junction disease Vitoon Chinswangwatanakul, Thailand</p>	<p>Molecular biomarkers in colorectal cancer Chairperson: Ekaphop Sirachainan, Thailand Speakers: Suebpong Tanasanvimon, Thailand Krittiya Korphaisarn, Thailand</p>	<p>Liver: HCC treatment Chairperson: Keiichi Kubota, Japan, Wethit Dumronggittigule, Thailand Topics and Speakers: 1. How to treat ruptured hepatocellular carcinoma Keiichi Kubota, Japan 2. Treatment for portal hypertension Hiroshi Yoshida, Japan 3. Results of a prospective trial comparing SBRT with TACE in HCC Thomas Brunner, Germany</p>	<p>Oral Presentation Chairperson: Thawee Ratanachu-ek, Thailand, Suphakarn Techapongsatorn, Thailand 1. The Application of Indocyanine Green-Fluorescence Imaging During Robotic Liver Resection: A Case-Matched Study Marco Vito Marino, Italy 2. Prevention of Delayed Gastric Empty after Living Donor Left Hepatectomy. Mitsuhsu Takatsuki, Japan 3. Volume-Associated Indocyanine Green, Platelet, and Prothrombin Time (VIPP) Score-Based Model for Predicting Posthepatectomy Liver Failure: A Novel Tool to Strategize Hepatectomy Naruhiko Honmyo, Japan</p>	

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
11.00-12.00						<p>4. Laparoscopic Versus Open Limited Liver Resection for Hepatocellular Carcinoma with Liver Cirrhosis: A Propensity Score Matching Study with The Hiroshima Surgical Study Group of Clinical Oncology (HiSCO) <i>Masateru Yamamoto, Japan</i></p> <p>5. Does Liver Resection Increase Survival in Patients with Metastases from Neuroendocrine Tumors? <i>Alin Alexandru Kraft, Romania</i></p> <p>6. Spectrum of Hydatid Disease and Its Management: A 16 Years Institutional Experience <i>Mahim Koshariya, India</i></p>	
12.00-13.30		<p>Lunch Symposium: Transmedic Co., Ltd. Topics and Speakers: Impacts of the daVinci robotic surgery on surgeons and their practices</p> <p>1. From a private practicing surgeon's perspective <i>Poochong Timratana, Thailand</i></p> <p>2. From an academic surgeon's perspective <i>Voraboot Taweerutchana, Thailand</i></p> <p>3. Summary of my 18-year robotic surgery experience <i>Anusak Yiengpruksawan, USA</i></p>					
13.30-14.30	<p>All about colonoscopy Chairperson: <i>Miroslav Levy, Czech Republic, Songphol Malakorn, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Difficult colonoscopy <i>Nopdanai Chaisomboon, Thailand</i></p> <p>2. Endoscopic treatment for early CRC <i>Supakij Khomvilai, Thailand</i></p> <p>3. SEMS in obstructed CRC <i>Siripong Sirikurnpiboon, Thailand</i></p>	<p>Gallbladder cancer Chairperson: <i>Alfrado Guglielmi, Italy, Vor Luvira, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Gallbladder Polyps >1 cm: is cholecystectomy necessary? <i>Akkaraphorn Deeprasertvit, Thailand</i></p> <p>2. Incidental carcinoma of gallbladder <i>Subodh VARSHNEY, India</i></p> <p>3. Cholecystectomy for gallbladder cancer: open or laparoscopic surgery <i>Rapheephat Tanompetsanga, Thailand</i></p> <p>4. Chemotherapy for unresectable gallbladder cancer <i>Ryu Ji Kon, South Korea</i></p>	<p>ERAS in UGI surgery Chairperson: <i>Varut Lohsiriwat, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. General concept of ERAS <i>Varut Lohsiriwat, Thailand</i></p> <p>2. ERAS in UGI surgery, anaesthesiologist aspect <i>Orawan Pongraweewan, Thailand</i></p> <p>3. ERAS in UGI surgery, experience in Thailand <i>Thammawat Parakonhthun, Thailand</i></p>	<p>ICS Chairperson: <i>Autthaphorn Trakarnsanga, Thailand, Wichai Vassanasiri, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Acute lower gastrointestinal bleeding <i>Hussain Ghorab, Egypt</i></p> <p>2. Bowel obstruction: the experience of a general surgery department in Dakar <i>Ousmane KA, Senegal</i></p> <p>3. Genetic subtypes for pancreatic neuroendocrine tumors based on sequencing study <i>Wenming Wu, China</i></p>	<p>Liver transplantation Chairperson: <i>Yongyut Sirivatanauksorn, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Patient reported outcomes after liver resection for liver tumours <i>Catherine Teh, Philippines</i></p> <p>2. Living Donor liver Transplant in The Middle East <i>Tarek Ibrahim, Egypt</i></p> <p>3. Liver transplantation for HCC patients: optimal selection criteria and effects of pre-transplant treatments <i>Yasutsugu Takada, Japan</i></p> <p>4. Liver transplantation in Sudan <i>Abdelmounem Eltayeib Abdo, Sudan</i></p>	<p>Oral Presentation Chairperson: <i>Akimasa Nakao, Japan, Somchai Limsrichamrern, Thailand, Nuengruetai Orannapalai, Thailand</i></p> <p>1. Deep Venous Thrombosis in Bulky Pelvic Cancer Patients <i>Christian Petkov, Bulgaria</i></p> <p>2. Survival Outcome of Regular Endoscopic Ultrasound Guided Biliary Drainage (EUS-BD) in The Malignant Biliary Obstruction (MBO) Patients. <i>Chaloemphon Boonmee, Thailand</i></p> <p>3. Time to Rethink Prophylaxis in Pancreaticoduodenectomy? <i>Tommaso Stecca, Italy</i></p>	

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
13.30-14.30						<p>4. Prognostic Factors for Patients with Borderline Resectable or Locally Advanced Pancreatic Cancer Receiving Neoadjuvant Folfirinox <i>Sang Hyub Lee, Korea</i></p> <p>5. Robotic-Assisted Versus Open Pancreaticoduodenectomy: The Results of a Case-Matched Comparison. <i>Marco Vito Marino, Italy</i></p> <p>6. Efficacy of Silk Sutures Compared with Non-Absorbable Polymer Clips for Cystic Duct Ligation in Laparoscopic Cholecystectomy: A Prospective Randomized Controlled Study <i>Rapeephan Na Nan, Thailand</i></p>	
14.30-15.30	<p>CRC, from early to advanced I Chairperson: <i>Christian Petkov, Bulgaria, Art Hiranyakas, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Local excision/Tems/Tamis for early rectal cancer <i>Woramin Riansuwan, Thailand</i></p> <p>2. Multivisceral resection for CRC, How far can we go? <i>Charnjiroj Thipthanakij, Thailand</i></p> <p>3. Rectal cancer after neoadjuvant chemoradiation, What to do next? <i>Songphol Malakorn, Thailand</i></p>	<p>Update in pancreatic surgery Chairperson: <i>Thilo Hackert, Germany, Thun Ingkakul, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Surgical strategies in necrotizing pancreatitis: a single center experience over a period of 27 years <i>Doris Henne-Bruns, Germany</i></p> <p>2. Surgery of chronic pancreatitis – Update 2019 <i>Thilo Hackert, Germany</i></p> <p>3. Update management of IPMN <i>Thun Ingkakul, Thailand</i></p>	<p>Oral Presentation Chairperson: <i>Autthaphorn Trakarnsanga, Thailand Kitinat Timudom, Thailand</i></p> <p>1. The Usefulness of Intraoperative X-Ray Fluoroscopy for Avoiding Urethral Injury in Transperineal Total Mesorectal Excision <i>Takuya Tokunaga, Japan</i></p> <p>2. Laparoscopic Emergency Colorectal Surgery <i>Sertac Usta, Turkey</i></p> <p>3. Diagnostic and Prognostic Value of CEA and CA19.9 in Colorectal Cancer Patient <i>Johannes Lemke, Germany</i></p> <p>4. Secondary Cancers in Colorectal Cancer Patients: Incidence, Survival and Risk Factors <i>Johannes Lemke, Germany</i></p> <p>5. Chronological Change of Appendiceal Pathology in Patients Who Underwent Appendectomy for Suspected Acute Appendicitis <i>Kota Sugiura, Japan</i></p>	<p>Miscellaneous Chairperson: <i>Sukchai Sathaporn, Thailand, Chutwichai Tovikkai, Thailand</i></p> <p>Topics and Speakers:</p> <p>1. Liver transplantation for perihilar cholangiocarcinoma <i>Wojciech Polak, Nederland</i></p> <p>2. How I do it: difficult total hepatectomy in LDLT <i>Susumu Eguchi, Japan</i></p> <p>3. A new pancreaticojejunostomy technique using a linear stapler in pancreaticoduodenectomy <i>Hüseyin Kerem Tolan, Turkey</i></p> <p>4. Pancreatectomy with arterial resection for locally advanced pancreatic adenocarcinoma: how can it be done safely and with which outcomes? A single institution's experience with 118 patients <i>Philippe Bachellier, France</i></p>	<p>How to deal with intraoperative complications? Chairperson: <i>Voraboot Taweerutchana, Thailand, Kirubakaran Malapan, Malaysia</i></p> <p>Topics and Speakers:</p> <p>1. Staple misfiring <i>Siripong Chewatanakornkul, Thailand</i></p> <p>2. Unintentionally Roux-en-O reconstruction <i>Kamthorn Yolsuriyanwong, Thailand</i></p> <p>3. Endoscopic perforation in GI tract <i>Nonthalee Pausawasdi, Thailand</i></p>	<p>Oral Presentation Chairperson: <i>Norihiro Kokudo, Japan Vor Luvira, Thailand, Chairat Bunchaliew, Thailand</i></p> <p>1. Pancreatic Neuroendocrine Tumors: Role of Microscopic Lymphatic Invasion (LI) in Risk-Stratification for Disease Recurrence <i>Hiromichi Ito, Japan</i></p> <p>2. Evaluation of Splenic Vein Pressure to Predict Sinistral Portal Hypertension after Pancreaticoduodenectomy with Splenic Vein Resection. Who Need Splenic Vein Reconstruction? <i>Yoshihiro Ono, Japan</i></p> <p>3. Peripancreatic Bacterial Contamination Can Worsen Pancreatic Fistula after Pancreaticoduodenectomy <i>Norihisa Kimura, Japan</i></p> <p>4. Short and Long-Term Results after Stented or Non-Stented Pancreaticogastrostomy after Pancreaticoduodenectomy <i>Masashi Ishikawa, Japan</i></p> <p>5. Various Benefits of Multidisciplinary Treatment Using Gem + Nab-Paclitaxel for Borderline Resectable Pancreatic Cancers. <i>Yosuke Inoue, Japan</i></p>	
15.30-16.00	Coffee break & Poster presentation (23rd Fl., Ballroom C)						

Friday, 4 October 2019

Friday, 4 October 2019

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
16.00-17.00	<p>CRC, from early to advanced II Chairperson: <i>Joaquim Costa Pereira, Portugal, Siripong Sirikurnpiboon, Thailand</i> Topics and Speakers: 1. Essential pathological report of colorectal neoplasms <i>Naruemon Wisedopas, Thailand</i> 2. Multidisciplinary approach to advanced colorectal cancer <i>Miroslav Levy, Czech Republic</i> 3. Patterns of clinical course of anal carcinoma <i>Christian Petkov, Bulgaria</i></p>	<p>Advanced MIS procedure Chairperson: <i>Thawatchai Akaraviputh, Thailand, Thawee Ratanachu-ek, Thailand</i> Topics and Speakers: 1. Peroral endoscopic myotomy <i>Chainarong Phalanusitthepha, Thailand</i> 2. Endoscopic treatment of gastroparesis <i>Parit Mekaroonkamol, Thailand</i> 3. Endoscopic submucosal dissection tips and techniques <i>Chonlada Krutsri, Thailand</i></p>	<p>Bile duct tumor and cholangiocarcinoma Chairperson: <i>Taku Aoki, Japan, Ryu Ji Kon, Korea</i> Topics and Speakers: 1. Intraductal papillary neoplasm of the bile duct <i>Vor Luvira, Thailand</i> 2. Endoscopic management of cholangiocarcinoma <i>Tanyaporn Chantarojanasiri, Thailand</i> 3. New trends and controversy in the treatment of intrahepatic cholangiocarcinoma <i>Alfredo Guglielmi, Italy</i> 4. Current evidence on postoperative adjuvant Treatment in biliary tract cancer <i>Duangnapa Benjawongsathien, Thailand</i></p>	<p>Miscellaneous Chairperson: <i>Hiroko Kunitake, USA, Mohamed ElMakki Ahmed, Sudan</i> Topics and Speakers: 1. Compliance with an enhanced recovery after surgery program (ERAS) among older adult surgery patients <i>Hiroko Kunitake, USA</i> 2. Total mesopancreas excision: between anatomy and surgery <i>Cristian Lupascu, Romania</i> 3. The techniques and prognosis of robotic Rong's procedure <i>Liu Rong, China</i> 4. Long standing goitre as a risk of thyroid malignancy: review of 160 patients <i>Mohamed ElMakki Ahmed, Sudan</i></p>	<p>MIS Millionaires 2019 Chairperson: <i>Pornthep Prathanvanich, Thailand, Voraboot Taweerutchana, Thailand</i></p>	<p>Oral Presentation Chairperson: <i>Anusak Yiengpruksawan, USA, Nicha Srisuworanan, Thailand, Roland Croner, Germany</i> 1. Advantages and limitations of robotic liver surgery (MIS) <i>Roland Croner, Germany</i> 2. Factors Influencing Mortality Following Liver Transplant in Acute Liver Failure: A Single Center Experience <i>Cemalettin Aydin, Turkey</i> 3. Pancreas-Preserving Duodenectomy as a Treatment of Choice for The Isolated Form of The Cystic Dystrophy of the Duodenal Wall (Pure Form of Groove Pancreatitis) <i>Vyacheslav Egorov, Russian Federation</i> 4. Forty-Five Spleen-Preserving Distal Pancreatectomies with Splenic Vessels Resection without Splenectomies. Which Arteries Can We Rely on? <i>Vyacheslav Egorov, Russian Federation</i></p>	
17.00-18.30							IASGO General Assembly
18.30-20.00	Networking Dinner Ballroom A&B						

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
08.00-09.30		<p>Keynote 3: How to? Chairman: Sa-ard Treepongkaruna, Thailand, Rawisak Chanwat, Thailand Topics and Speakers: 1. How to combat the dreadful cholangiocarcinoma in endemic country? Narong Khuntikeo, Thailand 2. Technical tips for liver resection of HCC with vascular invasion Norihiro Kokudo, Japan 3. Technical tips for pancreatic resection in the setting of neoadjuvant treatments for pancreatic cancer Kyoichi Takaori, Japan 4. Conversion surgery for locally advanced unresectable pancreatic ductal adenocarcinoma Akimasa Nakao, Japan</p>					
09.30-10.00	Coffee break & Poster presentation (23rd Fl., Ballroom C)						
10.00-11.00	<p>Best VDO Presentation Chairperson: Anusak Yiengpruksawan, USA, Rawisak Chanwat, Thailand 1. Laparoscopic Splenopexy for Wandering Spleen Fatih Sumer, Turkey 2. Laparoscopic Partial Splenectomy for Splenic Cyst Fatih Sumer, Turkey 3. Preoperative Imaging Localization and Intraoperative Indocyanine Green-Enhanced Fluorescence Guidance for Transoral Endoscopic Focused Parathyroidectomy Vestibular Approach Ming-Hsun Wu, Taiwan 4. Postoperative Outcomes of Laparoscopic Peritonectomy Plus Hyper Thermic Intraperitoneal Chemotherapy for Treatment of Peritoneal Surface Malignancies Nikolay Belev, Bulgaria 5. Laparoscopic Treatment of Dunbar Syndrome: Case Report in A Video Charlene Viana, Portugal 6. Double Cystic Duct Encountered During Laparoscopic Cholecystectomy: A Rare Biliary Anomaly Mahim Koshariya, India</p>	<p>Liver: MIS (Advanced) Chairperson: Sa-ard Treepongkaruna, Thailand, Araya Khaimook, Thailand Topics and Speakers: 1. Standardization and safe dissemination of laparoscopic liver resection in Japan Minoru Tanabe, Japan 2. Learning curve in minimally invasive surgery Ser Yee Lee, Singapore 3. Adopting minimally-invasive hepatopancreatobiliary (HPB) surgery in Southeast Asia: experience of an early adopter with the first 314 cases Brian K. P. Goh, Singapore</p>	<p>Pancreatic cancer 2: Chairperson: Nan-Ak Wiboonkhwan, Thailand Topics and Speakers: 1. Role of endoscopic ultrasonography-guided tissue acquisition in the era of personalized medicine Seungmin Bang, Korea 2. Standardization of treatments for pancreatic cancer: to realize long-term survival Hiromune Shimamura, Japan 3. How to improve the long-term outcomes of pancreatic cancer patients? Wenhui Lou, China</p>	<p>Oral Presentation Chairperson: Voraboot Taweerutchana, Thailand, Thikhamporn Tawantanakorn, Thailand 1. Patient Related Factors and Complexity of Surgery Decides Morbidity and Mortality Following Surgery and Not Open or Laproscopic Approach in Gastrointestinal and Hpb Surgeries If We Follow ERAS Protocol. Bhavin Vasavada, India 2. Clinicopathological Study of Small Bowel Metastases Yutso Liao, Taiwan 3. Impacts of Minimal Invasive Surgery and Immunonutritions in Surgical Patients Ting-Chun Kuo, Taiwan 4. Evolution of Surgical Tactics in The Treatment of Synchronous Colon and Kidney Neoplasms Ivelin Takorov, Bulgaria 5. Bulgarian Experience with Laparoscopic Combined Colorectal and Liver Resections for Metastatic Colorectal Cancer Ivelin Takorov, Bulgaria 6. The Controlling Nutritional Status (CONUT) Score Predicts Postoperative Short- and Long-Term Outcomes in Stage II, III Gastric Cancer Patients. You Na Kimv, Korea</p>	<p>Video Presentation: Chairperson: Tharathorn Suwatthanarak, Thailand 1. Fluorescent Image Guided Robotic Gastrectomy for Management of Cancer Chik Wah, Carmen Chu, Hong Kong SAR PRC 2. Total Biliary Cyst Excision with Reconstruction by Jejunal Conduit Interposition of Variable Diameter (Case Report with Video) Pavel Markov, Russia Federation 3. Navigation Surgery Using ICG in Robotic-Assisted Rectal Cancer Surgery Daisuke Nakano, Japan 4. Laparoscopic Liver Resection: Technique and Experience from a Tertiary Hospital Sudathip Nimkingratana, Thailand 5. Laparoscopic Splenic Vessels Preservation Distal Pancreatectomy for Insulinoma at Tail of Pancreas Thikhamporn Tawantanakorn, Thailand</p>		

Saturday, 5 October 2019

Saturday, 5 October 2019

Date/Time	Ballroom A (23 rd Fl.)	Ballroom B (23 rd Fl.)	Lotus 1-2 (22 nd Fl.)	Lotus 3-4 (22 nd Fl.)	Lotus 5-6 (22 nd Fl.)	Lotus 7 (22 nd Fl.)	Boardroom (23 rd Fl.)
11.00-12.00	<p>Best VDO Presentation: Chairperson: <i>Chainarong Phalanusitthepha, Thailand,</i> <i>Tharathorn Suwatthanarak, Thailand</i></p> <p>1. A Rare Case of Large Intra-Pancreatic Accessory Spleen Treated by Robotic Spleen-Preserving Distal Pancreatectomy <i>Jennifer Suet Ying Lee, Hong Kong SAR PRC</i></p> <p>2. Total Laparoscopic Pancreaticoduodenectomy in a Huge Solid-Pseudopapillary Neoplasm of Pancreatic Head <i>Kamales Prasitvarakul, Thailand</i></p> <p>3. How to Rescue a Mechanical Failure of Lapro-Clip in Dividing Middle Colic Artery During Laparoscopic Right Hemicolectomy <i>Tzu-Hsin Lin, Taiwan</i></p> <p>4. Double Portal Vein Reconstruction Techniques for Different Portal Vein Anatomical Variants, in Patients Who Underwent Right Lobe Living Donor Liver Transplantation <i>Mahmed El Shobari, Egypt</i></p> <p>5. Treatment of Choledochal Cysts by Combination of Mini-Laparoscopic Excision and Natural Orifice (Transoral) Specimen Extraction <i>Sertac Usta, Turkey</i></p> <p>6. Laparoscopic Resection for Rectosigmoid Junction Carcinoma Using Natural Orifice Specimen Extraction (Nose): Video Vignette <i>Ana Sofia Cavadas, Portugal</i></p>	<p>Liver: MIS (Advanced) Chairperson: <i>Chairat Bunchaliew, Thailand,</i> <i>Chotirot Angkurawaranon, Thailand</i></p> <p>Topics and Speakers: 1. Use of firefly for ICG immunofluorescence for robotic liver surgery <i>Adrian Chiow, Singapore</i></p> <p>2. The application of robotic surgery in complex HPB procedures <i>Marco Vito Marino, Italy</i></p>	<p>Pancreas: Chairperson: <i>Akihiko Oshita, Japan,</i> <i>Paramin Muangkaew, Thailand</i></p> <p>Topics and Speakers: 1. Unusual presentation of focal pancreatic lesions <i>Elena Usova, Russia</i></p> <p>2. Challenges of POPF after distal pancreatectomy <i>Paramin Muangkaew, Thailand</i></p> <p>3. Continuous peritoneal lavage for severe postoperative pancreatic fistula after pancreaticoduodenectomy <i>Akihiko Oshita, Japan</i></p>	<p>Oral Presentation Chairperson: <i>Asada Methasate, Thailand,</i> <i>Nicha Srisuworanan, Thailand</i></p> <p>1. Surgical Outcomes and Prophylactic Interventions for Elderly Patients with Gastric Cancer <i>Haruhiko Cho, Japan</i></p> <p>2. CA19-9 Is a Significant Prognostic Marker of Patients with Stage III Gastric Cancer <i>Norihiro Yuasa, Japan</i></p> <p>3. Laparoscopic Surgery for Advanced Gastric Cancer Combined with High Pressure Aerosol Chemotherapy for Prophylactic and Treatment of Peritoneal Carcinomatosis <i>Nikolay Belev, Bulgaria</i></p> <p>4. Comparisons Long Term Survival of Laproscopic vs. Open Gastrectomy for Gastric Cancer- an Updated Metaanalysis. <i>Bhavin Vasavada, India</i></p> <p>5. Short Term Results of the Flot Neoadjuvant Therapy on the Surgical Management of Advanced Gastric and Gastro-Oesophageal Junction Adenocarcinoma <i>Attila Paszt, Hungary</i></p> <p>6. Laparoscopic Surgery for Gastric Tumors: Experience from Turkey <i>Fatih Sumer, Turkey</i></p>			
12.00-12.30	<p>Closing Ceremony & Best video presentation award (23rd Fl., Ballroom B)</p> <p>Lunch Boxes (Take Home)</p>
